

Festival **INTERCELTIQUE** Lorient

Presentation of the poster for the 2022 Lorient Interceltic Festival (LIF)

THE PEAKS OF CELTITUDE !

Immerse yourself in the valleys and mountainous landscapes of Asturias.
A southerly wind is blowing towards Brittany, spreading the warmth of the south to the Interceltic capital !

FOCUS ON RELIEF !

In an effect of perspective, we find the different types of relief that characterize Asturias: valleys, plains, and of course, mountains with the famous "Picos de Europa" range that straddles the region of Asturias. These can be seen in the centre of the poster and seem to hold up the logo of the Interceltic Festival.

SOUTHERN COLOURS

A palette of bright colours evokes the warmth of the southernmost Celtic nation. There are also splashes of blue, echoing the Asturian flag.

The play of colours and textures evokes the setting sun. The colour gradients, with a very dark blue in the foreground, fade to lighter hues, bringing a sense of depth to the perspective and highlighting the mountain peaks mentioned above.

BANDA DE GAÏTAS

In the foreground, standing on the ridge, we can see the silhouettes of a typical gaïta band and dancers. Can you hear the beat of the drums and the playful tunes of the gaïtas ? Admire the dancers' colourful dresses as they wave their arms in the air. Clap your hands in time with the Southern Celtic music as the banda makes its way towards Lorient. Most importantly, let's be there to welcome them !

RENDEZVOUS IN LORIENT
5 - 14 AUGUST 2022
